## MESSAGE FROM THE PRESIDENT

I trust this newsletter finds everyone in good health and warming up after our cool winter. Since last newsletter there have been a few things of interest occurring. On the local front the committee has been working on keeping up to date with the Corps History Project (CHP) and also the RAEME National Association (RNA) and the website development.

I am very pleased to advise that we have recently donated \$300 to the CHP. This money would normally have been used as a donation for the Spanner Packs, but as the spanner pack requirement has reduced the committee agreed the CHP should receive our donation.

This donation was well received, and Brig Ross Grant (Rtd) took the time to thank us for the donation. He explained that the donation would go toward the costs of moving the author around Australia to obtain photographs and oral histories from contributors.

In regard to the RNA website, there is a lot of great working going on with conference calls among the state representatives and guys who have the technical knowledge and skills to make the new website a reality. The overall aim is to have the national site as a central information centre, and all state based sites retaining individual identities and information. The national site could, and logically should have items such as local state based events or at least the links to the state information. I think this is a very positive

beginning for the website development and we will certainly benefit in the long run.

On a more recent note the annual RAEME WOs, SNCOs and Officers Dinner was held at 16 ALR Officers Mess on Friday 30<sup>th</sup> August. Hosted by Major Rod Fletcher, BC Support Battery, the night was as fun and enjoyable as usual with just on 40 attending. We were very fortunate to also have ex HOC, BRIG Creagh attend as he stood in for our current HOC, BRIG Mathewson, who is on leave.

As usual the service and food at Woodside was very good, as was the company and venue. All those in attendance had a good night and our thanks go to Major Fletcher and all those who helped on the night.

You will see in this newsletter information for the annual All Ranks Dinner. This year we are holding the function at the Blackwood RSL. This is the first time we have used this RSL and we are assured of a great meal and a great venue. That is the unbiased opinion of Bob Killoran. Bob is the past president of the Blackwood Sub-branch so he does actually have a bias. Please make an effort to attend as it is always an excellent opportunity to catch up with friends you may not have seen for a while.

I wish you all the best.

Richard Moyses - President

## **Annual RAEME Corps Dinner**

The RAEME Central Region Corps Dinner was held on 30th August 2013 in the Officer's Mess at Woodside Barracks.

MAJ Fletcher, Battery Commander, CSS Battery, 16 Air Land Regiment and his team of helpers did an excellent organising the 2013 Annual RAEME Dining-in Night

The dinner was attended by approximately 40 current and retired RAEME members from ARA and ARES alike. As always, the night's focus is to bring the RAEME brethren together to enjoy an excellent meal and wine, all in the name of Corps.

MAJ Fletcher & BRIG Creagh

The new Head of Corps, BRIG Mathewson was on long service leave so he was represented by our ex-Head of Corps BRIG David Creagh, (thank you sir) and he spoke about the Corps – where we currently are and where we're going. This

allowed no-longer serving members the opportunity to keep abreast of the current status of RAEME and promoted a great deal of discussion during the evening.

The night was a great success, and our thanks go to MAJ Fletcher and his crew at 16 ALR for an excellent evening. Well done to all of you. The attendance at

this year's dinner was slightly down on last year and we hope more members can join us next year.

*Thanks to our photographer WO2 John Prince for taking lots of professional photos which will provide a lasting record of the event. Ed*

# Corps History Project (CHP)

*Your Association has made a \$300 donation to help towards the development and implementation of this Project*

As many of you are aware, the intent of the project is to celebrate the achievements of individuals, sub-units and units of RAEME Corps during warlike, non-warlike operations and peacetime training activities. In short, the project team is still seeking stories on what individuals did at some stage during service in the Corps, which can be placed in a pictorial history of RAEME, to be published later this year. We are also still seeking your support to spread the message widely amongst your ex-RAEME friends, or colleagues, in your local region or beyond.

The Project Team, but in particular, the authors/editors, Max Carmichael, Keirin Joyce and Frank Benfield, have commenced compiling the book along the following broad guidelines:

- Ch 1 – Forward from the Past.
- Ch 2 – A New Corps for a Modern Army.
- Ch 3 – BCOF and the Korean War.
- Ch 4 – Operations during the Malaya Emergency and Indonesian Confrontation.
- Ch 5 – At Home 1945 - 1972.
- Ch 6 – Operations in South Vietnam (SVN).
- Ch 7 – At Home 1973 to 1988.
- Ch 8 – UN Operations 1946- 2013.
- Ch 9 – The 1st and 2nd Gulf Wars and NATO Operations.
- Ch 10 – East Timor Intervention.
- Ch 11 – Involvement in Afghanistan.
- Ch 12 – Regional OPS and DCP.
- Ch 13 – Technical Aspects & Training.
- Ch 14 – At Home 1989 to 2013.
- Ch 15 – Projects and Procurement.
- Ch 16 - The Spirit of RAEME.

**Overall Progress.** At this time, the Project Team is acquiring relevant stories to fit into the above chapters. We are experiencing difficulties acquiring stories for Ch 4, 5, 10 and 11 and a significant lack of photographs for all chapters. The project could also do with more stories from our other ranks to complement the many stories being provided by senior NCOs, warrant officers and officers – this will give the book a bit more balance.

More specifically, we would appreciate more stories to do with the Corps involvement with the maritime element, our several deployments to

the Antarctica and our involvement in peace monitoring on Bougainville. To date, we have only one useable CMF/ARES story from the part-time members. We have no stories from Somalia.

**Solicitation and Competition for the Best Story and Photo.** WO1 Paul Gibbs and WO1 Nick Rees have instituted a competition for best photo and story on RAEME Face book – a prize of \$500 each. This initiative has proven to be useful in promoting the Book as has the RAEME National Face book site. When all the stories and photos are consolidated in the repository, we will short-list around ten for the Corps Committee to judge and award the published prizes.

**Retention of Material.** It is also our intention to place all stories, data and photographs provided from all sources into the RAEME Book Repository where it will be retained at Bandiana for all time. So even if we don't use all the stories and photographs provided to the project team, they won't be lost.

## **Next Steps:**

In summary, and despite the fact that all members of the team have a "day job", I assess the project has made sound progress and we are roughly on schedule. I must say that without naming anyone in particular, I have been well supported by my project team, and cannot thank them enough for all of their efforts to this point.

Write your contributions and send the electronic copy to

[raemebookproject@hotmail.com](mailto:raemebookproject@hotmail.com) and be eligible for the \$500 prize for the best story. Send your hard copy to:

Our President MAJ Richard Moyses has advised that he will be standing for president again.

Committee meetings are held bi-monthly at Warradale Barracks, currently on the 3rd Thursday of the month at 7:30pm (the date/time is subject to the agreement of the Committee members who are elected). The meetings are of a relaxed, informal nature and quite enjoyable.

# Visit to the REME Museum of Technology and presentation of an Association Plaque

On the 18th August this year, whilst our Treasurer, Ron Moran was in the UK, arrangements were made to visit and meet with MAJ R.J. Henderson (Retd) Director REME Museum of Technology and present an AEME/RAEME Association SA Plaque to the Museum at ArborField, Nr Reading Berkshire UK.

*The presentation in the Commonwealth Display Room*

The Corps of the Royal Electrical and Mechanical Engineers Museum of Technology is home to displays on military and trade training chronicling the corps' role in 'keeping the punch in the army's fist'. A vehicle exhibition hall houses 20 specialist repair and recovery vehicles and there is a unique collection of early examples of military electronic hardware, test equipment and literature, said to be unequalled anywhere in the UK

The museum has an interesting history, the garrison was established in 1911 as a Remount Depot, which supplied the military with horses for both operational and ceremonial purposes. During the Second World War, the garrison functioned as the Army Technical School. Since its establishment, the garrison has been the location of a number of Army Apprentices College and technical schools.

ArborField is currently the location of the Regimental Headquarters of the Corps of Royal Electrical and Mechanical Engineers of the British Army. The garrison contains Hasbrouck Barracks, which is a training base for the Royal Electrical and Mechanical Engineers (REME) School of Electronic and Aeronautical Engineering (SEAE). The potential craftsmen within SEAE, study in the school to learn a trade as aircraft technicians, avionics technicians, and electronics technicians,

# Lone Ranger

*(Very appropriate if you have seen the latest movie)*

The Lone Ranger and Tonto went camping in the desert. After they got their tent all set up, both men fell sound asleep.

Some hours later, Tonto wakes the Lone Ranger and says, 'Kemo Sabe, look towards sky, what you see?' 'The Lone Ranger replies, 'I see millions of stars.' 'What that tell you?' asked Tonto.

The Lone Ranger ponders for a minute then says, 'Astronomically speaking, it tells me there are millions of galaxies and potentially billions of planets.

Astrologically, it tells me that Saturn is in Leo.

Time wise, it appears to be approximately a quarter past three in the morning.

Theologically, the Lord is all-powerful and we are small and insignificant.

Meteorologically, it seems we will have a beautiful day tomorrow.

What's it tell you, Tonto?'

"You dumber than buffalo sh\*t. It means someone stole tent."

## Proper Southern Lady

The lady was a Southern Baptist who attended services and taught Sunday School every week.

One Sunday an out of town acquaintance, a gentleman, was in the pew right behind her. He noted what a fine looking woman she was. While they were taking up the collection, the man leaned forward and said, "Hey, how about you and I having dinner on Tuesday?"

"Why yes, that would be nice", the lady responded. Well, the gentleman couldn't believe his luck.

On Tuesday he picked the lady up and took her to the finest restaurant in that part of South Carolina . When they sat down, the gentleman looked over at her and suggested, "Would you like a cocktail before dinner?"

"Oh, no," said the fine example of southern womanhood, "What ever would I tell my Sunday School class?"

Well, the gentleman was set back a bit, so he didn't say much until after dinner, when he pulled out a pack of cigarettes and asked, "Would you like a smoke?"

"Oh my goodness no," said the woman. "I couldn't face my Sunday School class if I did!"

Well, the man felt pretty low after that, so they left, got in his car and as he was driving the lady home, they passed the local Holiday Inn. He'd been morally rebuffed twice already, so he figured he had nothing to lose so he ventured forth with, "Ahhh... mmmm ... how would you like to stop at this motel?"

"Sure, that would be nice," she said in anticipation.

The gentleman couldn't believe his ears, and did a fast u-turn right then and there, and drove back to the motel and checked in.

The next morning, after a wild and passionate night of the most incredible love making imaginable, the gentleman awoke first. He looked at the lovely Dixie darling lying there in the bed and with remorse thought, "What the hell have I done?"

He shook her awake and pleaded, "I've got to ask you one thing, whatever are you going to tell your Sunday School class?"

**The lady said, "The same thing I always tell them,..You don't have to smoke and drink to have a good time..."**
