The Route and Order of March has not changed from last year. (See pages 11 & 12 for maps).

### ASSEMBLY AREAS

- RAEME Vietnam Veterans – northern side of North Terrace roughly opposite Pulteney Street.
- RAEME Association Group – northern side of Grenfell Street fronting onto Pulteney Street.

The Association ANZAC Day March co-ordinator will again be John Howard, look out for him and/or the Association Banner. **We look forward to the OJT members joining us again this year.**

We are assuming there will be enough Vietnam Veteran Members to march under their own banner again this year. Trevor Parrott, our Vietnam Group coordinator passed away in 2024 so we are unsure what will be happening with the group this year. It is recommended that if there are insufficient numbers to make up a group that members (including the banner) join the Association in Group 12.

The route is the same as last year and salutes will occur at the National War Memorial, the South African War Memorial and the Vice-Regal Saluting Point on the eastern side of King William Road near the Parade Ground at Torrens Training Depot.

**DRESS** Jacket and tie for men, equivalent for women. Medals are to be worn.

### **AFTER THE MARCH:**

We all usually meet back at the Torrens Parade Grounds for something light to eat and drink. We have not been advised of any planned RAEME Lunch activities, but last year some of our members adjourned to the Hilton Hotel, Victoria Square and reported that it wasn't crowded and the food and drink prices were good. If you have nowhere else to go it could be worth a try. More information at the March.

# ASEME'S ROLE IN OJT

The Army School of Electrical and Mechanical Engineering (ASEME) continues to play a vital role in training Army personnel in electrical and mechanical engineering fields. While ASEME's primary location is at the Army Logistic Training Centre in Bandiana, Victoria, it maintains an active On-the-Job Training (OJT) program in Adelaide, South Australia. Currently, 14 trainees are undertaking ASEME's OJT program in Adelaide, gaining hands-on experience at various military and civilian establishments.

This training is crucial in equipping personnel with the technical skills required to support and maintain defence equipment. The apprenticeship allows trainees to apply their theoretical knowledge in real-world settings, ensuring they are prepared for operational demands. Adelaide's involvement in ASEME's training initiatives highlights the city's ongoing contribution to developing skilled military personnel. Beyond ASEME, local institutions offer additional engineering and technical training opportunities, complementing the skillsets gained through military training.

Previously there were up to 50 trainees in Adelaide, however, recently we have had a reduction in size due to the defence strategic review. There is a goal to slowly bring back numbers over the next 12 months.

**Update provided by SGT Jai McKenzie  
(and WO2 Travis Hertweck)**

*For the past few years, the OJT soldiers have joined our Association group marching under the RAEME Banner. The picture below shows our RAEME group including the OJT members during the 2024 ANZAC March. Their youth and enthusiasm was an example for us all (particularly carrying the banner).*
